JUNE CAMP THEMES

June 19-23 **Animal Science and Art** Lions, tigers, lizards and all kinds of creatures will be the inspiration for our first camp week! As we learn more about the animal kingdom we will be inspired to draw, paint, sculpt, and create art featuring our favorite animals.

June 26-30 **World Biomes** Swamps, deserts, rain forests and more! Check out this exciting science themed week exploring nature's biomes and habitats from all over the world. We will have students excited to learn about some of the plants and animals from near and far.

JULY CAMP THEMES

July 3-7 **NO CAMP** JULY 3-7 Fiddlehead Closed

July 10-14 **S.T.E.A.M Design and Drive** Our favorite Science, Technology, Engineering, Art and Mathematics activities will take over as we build vehicles that move. Students will construct LEGO robotics vehicles, launch rockets, and design a car. Camp available for various ages.

July 17-21 **World Art Explorers** Discover unique ways to create great art while learning more about countries and cultures around the world. Projects will include block printing, clay projects, shibori dyeing, sculpture, batik, mask making, and more.

July 24-28 **Summer Art Sampler** Drawing, painting, sculpture and print making will all be included in this art lovers dream camp! Projects will include drawing and painting on clay, painting your own canvas and designing a t-shirt.

AUGUST CAMP THEMES

July 31- August 4 **Mad Scientist Week** We will be turning into *MAD SCIENTISTS* and conducting amazing science experiments including making slime, flubber, elephant toothpaste and more!

August 7-11 **Myths and Magic** Dragons, mermaids, unicorns, griffins...all creatures of myth and magic! As we learn more about these magical creatures we will create our own art using mediums from paint to clay to collage.

August 14-18 **S.T.E.A.M Blueprints and Building** Science, Technology, Engineering, Art and Mathematics activities will challenge students as they build tools and structures that serve a purpose or solve a problem. Students will construct with LEGO Robotics equipment, build skyscrapers, and engineer with all kinds of materials. Camp available for various ages.

August 21-25 **Fabric Art Mania** We will be painting with dye, weaving in a circle, creating soft sculpture creatures with fabric, paint, beads and more! Campers will also tryout the amazing sea weed marbling printing process and tie dye a shirt. There will be lots more fun during this popular camp week!

August 28-September 1 **Science and Art Greatest Hits** As the summer wraps up, come celebrate and experience our favorite science and art projects!
