

Fiddlehead Summer Camp 2019

Camps appropriate for students entering Kindergarten to 5th grade

WEEK 1 June 24-28 MYTHS AND MONSTERS

We'll start the summer with dragons, mermaids, unicorns, griffins and all sorts of myths and monsters! Students will learn more about these magical creatures while creating cool art projects using various mediums including drawing, paint, clay and collage.

WEEK 5 July 29- Aug 2 INVENTORS' WORKSHOP

We will tinker, create and invent during this science and technology camp week. Students will be able to build creations from their imagination, will construct a LEGO robotics vehicle, work with magnets and many more fun projects for the young inventors out there!

WEEK 2 July 8-12 ART ADVENTURES: CLAY AND SCULPTURE

Your student will create all kinds of 3D art with clay, fabric and more! We will design, carve, cast, fold and mold to create super fun sculptures and art. Projects will include polymer clay charms, clay tiles, fancy mobiles, simple pottery and lots more!

WEEK 6 August 5-9 ART ADVENTURES: MIXED MEDIA

Come create with us! We will be painting with dye, weaving with yarn, creating soft sculpture creatures with fabric, paint, beads and more! Campers will tryout the amazing seaweed marbling printing process and tie dye a shirt. There will be lots more fun during this extremely popular camp week!

WEEK 3 July 15-19 FLIGHT SCHOOL

Your future pilot or astronaut will enjoy this Air and Space Science week! We'll build and launch rockets, learn how birds fly, eat space food, explore all sorts of science related to everything over our heads!

WEEK 7 August 12-16 EXTREME SCIENCE

Get your lab coats ready as we turn students into a bunch of *mad scientists* during this Extreme Science week! Students will erupt volcanoes, make gooey galaxy slime, mix up foaming elephant toothpaste and much more!

WEEK 4 July 22-26 ART ADVENTURES: PAINTING AND DRAWING

Drawing and painting will take the lead in this art lovers dream camp! Projects will include drawing and painting on clay, painting your own canvas with acrylics, cartooning, plus much more!

WEEK 8 August 19-23 MAINE WEEK

This amazing Art and Science week will have Maine as the inspiration! We will learn about the plants and animals of the region, build and sculpt using local natural materials and create art with Maine artists as our guides.
